

Digital Equity Now Partnership Model

Roles & Responsibilities for Collaboration

THE STEM ALLIANCE

PARTNERS

GLOSSARY

- **Curriculum:** Lessons created by the STEM Alliance and tailored for targeted cohort needs
- **Clients:** Participants — determined via eligibility criteria — who receive device package and tech education
- **Cohort:** 12-15 clients identified and enrolled for education by the partner, based on eligibility
- **Lead Educator:** Trained STEM Alliance Educator responsible for teaching at least 1 cohort, and training the Partner's Educator-in-Training
- **Teaching Tech Assistant (TTA):** Trained assistants — often young adults — who assist during classes
- **Educator-In-Training:** Partner's staff member designated to attend all Digital Equity Now classes and debriefings
- **Device:** A computing device being delivered to the client — typically a Chromebook — that is given to the client for full ownership if they complete the 15 hours of education
- **Affordable Connectivity Program:** A federal program that provides a \$30 credit on internet bills and a \$100 device credit for eligible clients to help bridge the digital divide for clients with need
